Castigo di solamente 6 luna

Hoben haya culpabel di a causa morto den trafico

E acusado Lysander Hernandez di solamente 22 año, ayera a presenta na Corte pa scucha decision di Hues den su caso, caminda e ta ser persigui pa motibo di a causa un accidente serio na luna di April di 2020, ocasionando morto di un persona.

Un persona cu tabata masha conoci y stima pa su hendenan y tur cu a conoce, esta Robert Calmes, kende e anochi di 20 di April, tabata coriendo den su pickup hunto cu su señora, riba Watty Vos Blvd y sin spera, nan bida a cambia drasticamente.

E hoben Hernandez aki di 20 año e tempo ey, tabata coriendo segun documento di Corte a mostra ayera mainta, c'un velocidad di 122 kilometer riba caminda y dado momento el a bay dal cu su auto, tras di e auto di sr Calmes.

E auto di e victimanan a bay halto y baha for di caminda bay cay den un rooi, sacando e difunto for di e vehiculo y lagando e señora tambe seriamente herida.

E hoben aki, dor di susto a dicidi di bandona e sitio di accidente na pia caminda despues el a admiti di a spanta y a keda c'un trauma grandi dor di loke el a pasa aden.

E caso aki a wordo trata dia 21 di September ultimo y ayera mainta ora cu Hues a yama e hoben aki dilanti pa bin scucha decision di Corte, e no a presenta inicialmente pero a cana yega ora cu ya Hues a dicta e sentencia.

Tabata un muestra cu e hoben aki no a tuma na serio tur loke a pasa y ya durante di tratamento di e caso luna pasa, ya caba e no kier a duna declaracion mas na Hues ya cu el a splica cu el a bisa tur locual e mester a bisa caba y cu den su opinion, mucho tempo a pasa y cu e no ta corda tur detaye di e accidente.

Ta e tipo di mentalidad aki, a percura pa un sorpresa grandi ayera mainta, ya cu na momento c'un persona tin cu presenta dilanti Hues pa scucha su castigo den un caso caminda un ciudadano a perde su bida, a spera cu el a mostra sikiera un tiki mas duele di loke el a causa.

Señora di e difunto Calmes, nunca mas lo lubida e detayenan horendo di e accidente aki, ocasiona pa e hoben acusado y pa mostra ayera mainta con ignorante e ta cu e asunto serio aki, e ta cana yega laat pa scucha su destino.

Wel tin cu apunta cu e no a keda desapunta ya cu Fiscal luna pasa a exige un castigo di prizon di dos año kitando e tempo cu el a keda deteni den aresto preventivo y cu pa un periodo di un año, e no tin mag di core auto, pero Corte a dicidi cu e ta ricibi un castigo di seis luna.

Aki ta bon pa mostra cu e tempo cu el a causa e accidente aki, e acusadso Lysander no tabatin rijbewijs y si despues di e accidente aki "alsnog" el a logra di saca esaki, ta haci e situacion un tiki mas serio.

COMPLACIENTE

Hues na momento cu e tabata pa duna otro sentencia den otro caso, a ser confronta cu e acusado Lysander a drenta sala di Corte y el a mostra comprension pa e hoben y dicidi di tuma su tempo pa splica e hoben kico a pasa y ki decision el a tuma.

Sin duda ora cu e acusado a scucha e castigo di 6 luna, el a sinti su mes sumamente alivia ya cu practicamente e no mester sinta mas den prizon y mirando e porta cu a habri pa su persona cu e decision aki, Hernandez a dicidi di pidi Hues si ta posibel cu por cambia e castigo di 6 luna, den trabou social, yudando comunidad manera sa pasa caba.

Esaki pa motibo cu e ta trahando na e momentonan aki y no kier perde e trabou aki pero un biaha mas no realizando e gravedad di loke el a haci, esta di ocasiona morto di un otro persona, lagando famia aki den un situacion dificil cu nan si lo no supera por lo pronto.

Politico Haseth sentencia na dos aña di prizon pa acto immoral

Despues cu Corte den Prome Instancia a trata e caso contra di e politico John Haseth dia 20 di September ultimo, ayera mainta Hues a dicta sentencia den e caso aki caminda e acusado ta wordo acusa di a comete acto immoral contra di un otro homber, despues cu el a droga e persona aki.

A pesar cu ta trata di un caso bastante serio, e acusado Haseth su periodo den detencion preventivo a wordo suspendi loke a pone cu e tabata cana liber sperando su caso bin dilanti y e decision cu Corte lo tuma.

Ayera mainta Hues a mostra cu e acusacionnan cu Ministerio Publico a presenta na Corte, a keda legalmente proba apesar cu e acusado durante tratamiento di e caso, cu e victima ta gaña y caminda el a insisti na Hues cu ta palabra di e victima contra esun di dje.

Fiscal luna pasa a mostra cu e victima a declara cu el a wordo invita pa Haseth pa bay su cas pa yude c'un trabou pero aki el a ser pidi pa hole algo, loke a pone cu el a marea formalmente y di e situacion aki, e acusado a probecha di dje, dor di aplica sex oral riba dje contra di su voluntad.

E victima a roga e acusado pa e stop di haci loke e tabata haci pero e no a haci esaki y ta ora cu despues nan a bay core rond y e acusado a baha for di auto, cu el a dicidi di baha for di e auto y core bay.

Sinembargo loke a bira dificil pa Haseth ta cu den su celular a bin haya mensahenan cu el a manda caminda ta Sali na cla cu en realidad e ta uza algo pa domina un otro hende y e ora e haci loke cu e kier haci cu nan.

Hues a dicidi ayera den ausencia di John Haseth cu el a haya ta comproba e acusacionnan contra di su persona y cu e ta bay di acuerdo cu e exigencia di Fiscal pa condena e acusado na dos aña di prizon.

Pero no ta conoci si ayera caba e suspension di su detencion a keda anula y cu autoridadnan lo a bay over na su detencion pero e caso aki tambe ta bolbe mostra riba e situacion cu na KIA na e momentonan aki, caminda no tin espacio pa retene hende cu ta pone c'un persona cu a comete un acto serio, ta sigui cana liber den comunidad cu tur consecuencia cu esaki lo por presenta.

Gerlien Croes cu partido nobo cu intencion politico bieu

No tabata un sorpresa e momento caminda e parlamentario independiente, Gerlien Croes a anuncia publicamente cu e lo no subi lista di ningun otro partido pero cu su intencion ta di lanta un partido politico nobo. Cu e no ta un sorpresa ta pa e hecho cu pa algun tempo caba, Gerlien a bin ta hibando combersacion, intercambia pensamiento politico riba su futuro politico cu na final di cuenta, a bira un partido nobo.

Un decision cu realmente tur hende a spera ya cu ora considera opcionnan cu e ex politico di AVP tabatin, no ta resta mucho partido cu lo a cumpli cu su expectativa y vision politico. Cuestionando for di salida di su rumbo politico nobo, Gerlien Croes no por a afilia su mes ni cu partido MEP y tampoco bay bek cu su partido AVP y probabilidadnan cu a resta su persona, tabata partido MAS cu su lider drs Marisol Tromp, kende sinembargo ta parti di e politica bieu y tradicional cu Gerlien a bin ta cuestionando.

Partido RAIZ tampoco tabata un opcion ya cu Gerlien a cuestiona tambe e decision di e partido aki pa forma gobierno cu MEP y tambe a cuestiona maneho di lider di e partido pa loke ta integridad den gobernacion. Hopi a pensa cu e parlamen-

tario lo a uni su mes na Accion21 di Miguel Mansur kende hasta publicamente a declara cu Gerlien hasta por haya e puesto di lider den su partido, pero no mesora pero aki dos proceso electoral, cu lo por bira te na 2029.

Aparentemente cu e declaracion di Gerlien cu ta bayendo direccion pa lanta su propio partido, ta mostra cu su persona lo no kier a spera asina hopi pa bira lider politico di un organizacion politico.

Ora cu analisa e desaroyo politico aki, hunto cu otro desaroyonan den pasado den e arena politico, tin cu conclui cu en realidad loke Gerlien Croes a scoge p'e, ta bira parti di loke a bira popular ultimo eleccion, esta caminda partidonan chikito, den nan determinacion pa cambia politica aki na Aruba, ta determina pa bay eleccion como partido chikito, pa despues bay hunga grandi cu e partidonan realmente grandi y asina forma un gobierno di coalicion.

Ta un conclusion cu tambe ta bisto cu e decision di Gerlien ya cu ta dificil pa kere cu su partido lo por logra na ricibi cinco of mas asiento den Parlamento, mirando historia politico semper di pais Aruba.

Un cos ta sigur, esta cu e vision di Gerlien, si e tabatin soño pa bira Prome Minister di Aruba, e lo tin cu pone e deseo aki un banda loke ta confirma cu e meta nobo di e politico aki, ta di sigura su permanencia den Parlamento di Aruba despues di e proximo proceso electoral of hasta forma parti di un posibel gobierno di coalicion.

OPINION PUBLICO

Aruba tin debe y lo mester sigui haci debe mescos cu tur pais

E discusionnan riba e ley di RAft ainda ta treciendo hopi confusion ya cu algun ta kere cu introduccion di e ley aki ta na su luga y un grupo grandi ta di opinion cu e ley aki ta un metemento di Hulanda den autonomia di nos pais.

Ta un hecho sin duda, cu e forma con Hulanda a bin ta actuando pa impone su pensamento riba Aruba, no ta esun mas corecto y e forma con nan ta mira e situacion financiero di nos pais, e Hulandesnan no por kere cu nan solucionnan, ta nos solucion. Politica di nos pais, of miho bisa, e mentalidad

politico di organisacionnan politico, a fabrica y crea e mentalidad cu tin awendia, caminda tin temor cu debe di nos pais ta mucho hopi, cu nos debe no ta hustifica of cu e debe tin di haber cu mal maneho di gobiernonan.

Dado momento den e historia politico di nos pais, a surgi politiconan cu tin poco capacidad pa haci politica y na luga di presenta argumentonan valido pa convence pueblo votado pa sostene nan partido, ta tilda rivalnan di ta corrupto.

Oponentenan di gobierno den parlamento, ta considera tur decision tuma pa e gobierno, como algo cu ta malo, algo cu ta un acto di corrupcion ya cu esey ta e unico argumento di e politiconan mediocre aki, tin pa convence pueblo pa nan haya voto. Ultimo dos decadan, un caminda un politico of gobernante, a dicidi di inventa algo mas cu ta cana man den man cu e tildamento di rivalnan como corrupto y nan a inventa cu “riba cabes di nos yiunan, riba cabes di nos generacionnan di futuro, tin debe colga riba nan cabes.”

Un observacion cu ta asina ridiculo y sin sentido ya cu nos yiunan tin cu paga belasting mescos cu tur generacion a paga, nan tin cu cumpli cu nan obligacionnan mescos cu nan antepasadonan a cumpli cu nan obligacionnan den nan tempo.

Ta ridiculo scucha politiconan papia di aumento di debe sabiendo cu nan mes na momento cu nan drenta gobernacion di e pais, nan tin cu sigui haci debe, ya cu ta esey ta e forma di biba, ta nos forma di progresa y ta forma di percura pa nos hendenan, pa pueblo. Loke por ta fout na e momentonan aki, ta e hecho cu pa nos cumpli cu exigencianan di Hulanda, gobierno ta inventando tur clase di medida, tur estilo pa ranca placa for di cartera di pueblo ya cu Hulanda lo ta exigiendo esaki. A crea un mentalidad negativo y incorrecto atraves di añanan largo ya cu politiconan cu no tin nocion di kico ta politica of kico ta gobernacion, ta sigui hinca e pensamento negativo aki den cabes di henter pueblo.

Aruba ta un pais mescos cu casi tur pais na mundo, cu ta biba di haci debe, nos ta un pais cu no tin recursonan natural pa carga esaki pero tambe nos pais den su historia, semper a cumpli cu su obligacionnan loke te dia di awe ta e caso. Pa ilustra un tiki loke ta e esencia di tur esaki, ta cu nos pais tin necesidad urgente di un KIA nobo, ya cu na e momentonan aki tin hendenan cu ta canando riba caya cu no mester ta riba caya, tin otro cu por cana riba caya pero net nan ta den KIA. Pero pa construi un KIA nobo, ta rekeri fondo pa esaki, ta rekeri otro prestamo, ta rekeri un miho vision di loke nos pais a conoce ultimo añanan. E planta di purificacion di awa di riool na Bubali, ta rekeri mantencion di urgencia pero no tin placa pa esaki y tin cu busca placa pa esaki pero ta gobiernonan mester tin un vision mucho mas amplio di loke ta e caso awor aki, un vision concreto y solido caminda gobierno Hulandes no por sigui aplica e tipo di presion cu el a bin ta eherciendo.

Scucha politiconan papia na radio, riba social media y otro sistema di comunicacion, ta confirma e motibo cu pueblo ta bibando den tanto inseguridad, cu na mes momento ta yuda Hulanda probecha di e situacion aki.

Plan Europeo nobo p'e lucha contra pornografia infantil ta confronta critica fuerte

E proposicion nobo di e Comision Europeo destina pa intensifica considerablemente e lucha contra pornografia infantil, a topa cu un oposicion feroz. Mayoria miembro di Tweede Kamer ya a expresa nan desacuerdo cu e plannan aki. No obstante, e gobierno provisional Hulandes tin e intencion pa duna sosten parcialmente.

E plannan aki ta implica cu e serviccionan di chat manera WhatsApp por ricibi ordo pa vigila e distribucion di pornografia infantil y potencialmente, grooming, cu ta implica e captacion sexual di menor. E reguladornan Europeo di privacidad, Relator Nacional riba e Trata di Ser Humano y e departamento huridico di e Consejo di Union Europeo, a plantia duda serio riba e proposicionnan aki. Actualmente ta dificil controla loke ta pasa den e serviccionan determina di chat pasobra e mensahenan ta bay di extremo pa extremo. Esey ta nifica cu e serviccionan manera WhatsApp, como tambe polis y husticia, no tin acceso n'e contenido di e mensahenan.

Sinembargo, e Comision Europeo kier obliga e aplicacionnan di chat pa scan en busca di material abusivo. E expertonan ta coincide cu esaki solamente por logra, door di vigila e aplicacionnan di chat riba telefon di e usuario pa detecta e tipo di contenido aki. Den tal caso, lo integra un "scanner di virus" den e aplicacion di chat, cu lo activa un alerta ora detecta material specifico. E material aki lo bons bek na un centro Europeo nobo contra pornografia infantil pa su analisis. E metodo aki, conoci como scanner di parti di e cliente, tabata obheto di controversia. Anteriormente, e informaticonan, entre nan algun experto den criptografia di gran renombre, a tacha e idea aki di ta "extremadamente peligroso."

Segun e Comision Europeo, e ley ta necesario pasobra pornografia infantil ta intercambia riba gran escala. Actualmente e lucha contra pornografia infantil ta basa riba accion voluntario y e enfoka aki a demostra di ta inadecua, segun e Comision. Hulanda ta kere cu e plannan proponi ta bay demasiado leu den e uzo di inteligencia artificial pa detecta grooming di menor. Fuera di esey Hulanda ta contra di e uzo di inteligencia artificial pa identifica automaticamente imagen di pornografia infantil, hasta prome cu inclui nan den un lista preto (Blacklist).

E minister ta destaca e importancia cu e estadonan miembro di Union Europeo avansa den e lucha contra abuso di menor. Tambe ta skirbi cu Hulanda kier garantisa cu e derechonan fundamental no ta "disproporcionadamente restringi." Miembro di Tweede Kamer, Queeny Rajkowski, di VVD, un di e cuater partidonan di Tweede Kamer cu ta duna sosten na e ley, ta comparti e perspectiva aki. Segun e, mester para e "enorme fluho" di pornografia infantil. E ta confia cu por filtra tecnicamente pornografia infantil y n'e mesun momento, salvaguardia e intimidad di otro hende cu "no tin intencion dañino."

Rejo Zenger, cu ta sigui e negociacionnan di cerca den nomber di e organizacion di defensa di derecho civil Bits of Freedom, ta musta preocupa p'e posibilidad cu e negociacionnan conclui prome cu tin eleccion Europeo na juni. Zuiderveen Borgesius, experto huridico, ta señala cu e ley por enfrenta menasa legal. "Scan e chat di miyones di persona pa detecta un cantidad relativamente chikito di delincuente ta excesivamente invasivo, pa con grave e asunto por ta." E ta compara e ley aki cu e norma di Union Europeo pa combati terrorismo, cu ta implica wanta e datonan di localisacion y combersacion di tur usuario di Internet y telecomunicacion. Corte di Husticia Europeo a rechasa e ley ey pa ta desproporciona.

Bin bishita nos y probecha!

Paña di bon calidad na bon prijs.

E Legacy Version ta un version di e wega completo, menos e match-making oficial. Despues di 1 di januari algun di e funcionalidad importante pa e wega draai lo stop di traha y por causa cu e wega no lo habri mas, of ta habri cu yen problema.

NOS TA TOPA,
DIRECTIVA DI SOCIEDAD DI ORQUIDIA ARUBA

Eric Ras(Curpa): Mester para firme pa defende e derecho di expresion cristian real riba Aruba

Nos por a tende cu pastoornan cu ta forma parti di Iglesianan Cristian di Aruba (ICA) lo a tene un reunion cu parlamentarionan den intento pa no legalisa e matrimonio di mesun sexo. Segun nos di partido Curpa por a compronde cu dia 10 di november 2023 e caso di matrimonio di mesun sexo lo wordo trata den corte di casacion. E pastoornan cu ta forma parti di ICA mester compronde cu no ta for awor e matrimonio di mesun sexo ta riba mesa. Lo ta hopi bon pa refresca nan memoria di e marcha di 4 di september 2016 cu ICA a boycott e tempo ey pa motibo di nan color politico.

E reunion di 8 di september 2016 a trata nos codigo civil (buki 1) unda e 2 prome amienda a wordo tira den bari di sushi y lider di partido MEP, lider partido di democracia real y parlamentario Herde di partido AVP a convirti'e den amienda 7 cu a bira e geregistreerd partnerschap. Un total di 11 parlamentario a vota na favor y 5 a vota contra. Esaki a habri e caminda pa e matrimonio di mesun sexo.

Nos por compronde cu nos prome minister dia 23 di september 2015 a bay di acuerdo cu e 17 punto di Sustainable Development Goals cu ta bunita riba papel, pero den realidad ta un plan satanico. E plan satanico no a cuminsa awor. Public Private Partnership introduci bao di gobierno di partido MEP ta un plan di Sustainable Development Goals. E tempo ey e tabata scondi bao di agenda 21. Prome minister di partido AVP no a worry pa par'e ni e prome minister actual di partido MEP. A sigui ehecuta e plan aki. Despues di e reunion cu e pastoornan tabata tin cu prome minister, pa pidi'e pa gobierno bay corte di casacion cual a wordo haci.

Mientras tanto sinembargo a bin cu un concepto di ley pa legalisa matrimonio di mesun sexo cu a cana su caminda mientras tanto. Gobierno tras di gobi-erno a celebra e siman di Sustainable Development Goals despues di 23 di september. Nos por a mira bandera y porta di Bestuurskantor incluyendo Parlamento di Aruba a celebra e agenda 2030. Un prueba ta e votacion cu a tuma luga dia 1 di maart 2021 caminda 17 parlamentario a vota pa gereg-

istreerd partnerschap bira realidad mientras 4 a vota contra. Gobierno a cay dia 30 di maart 2021. Kico lo haci nos parlamentarionan cambia di pensam-ento den e tempo aki? Mayoria ta na favor. E tempo di pensa a pasa dia bieu. Awor ta tempo pa actua. Nos tin parlamentarionan supuestamente cristian den e posicion ey pero nan tin miedo di tuma nan autoridad. Parlamentario Berlis a expresa durante un reunion di pastoornan cu su persona a papia cu mi persona pa subi riba lista di partido Curpa y cu mi persona lo a menac'e.

Laga mi pone esaki bon cla, como lider di partido Curpa, nunca mi a papia cu parlamentario Marco Berlis pa subi riba lista di partido Curpa y mucho menos pa a menas'e. Esaki ta un mentira flagrante. Sr. Max Robert di partido Curpa a papia telefonicamente cu parlamentario Marco Berlis prome cu el a subi lista di partido MEP. Sr Marco Berlis a admiti di a wordo acerca pa partido MEP pa subi lista y Max Robert a bis'e lo ta miho si e subi lista di partido Curpa. Sr Berlis a keda di evalua pero e dia ey ya el a duna su palabra na partido MEP. Awor e berdad a sali na cla ta ken ta tras di e plannan pa difama mi persona como lider di partido Curpa.

Unda integridad como un yiu di Dios a keda? Unda nos mentalidad di reino a keda? Keto bay kier hinca biña bieu den saco nobo. Nos como pueblo cristian ta den man di Dios. Nos di partido Curpa ta haci un apelacion riba parlamentario Guedez pa marca historia manera Esther paso for di Tevreden y Berlis e pueblo cristian lo no por spera nada bon.

P'esey mes nos di partido Curpa aparta for di e tent di Kore cu a lanta contra di Moises. (Number 16.) Si bo ta den un posicion pa haci algo y bo no ta haci esey kieren bo ta culpabel. E pueblo cristian lo pasa den duro pero un cos si ta sigur cu Dios conoce nos curason y no nos apariencia y Dios lo sa di dicta na nos favor. Partido Curpa lo keda defende e famia institui pa Dios y nos no lo permiti pa dañu bida di nos criaturanan. Partido Curpa e unico alternativa.

Parlamentario Alvin Molina (MEP):

Shon Hulanda kier domina bek nos pais

Supervision ta tremendo, submission ta teribel

Aruba tin supervision. Cu Hulanda ta dispuesto pa yuda nos mehora nos aparato gubernamental, nos finansa publico y yuda nos haci nos economia mas resiliente ta algo di aplaudi, algo pa nos gradici Hulanda. Loke no ta ok ta cu ta insisti di uza e situacion aki pa haya mas poder den nos pais. Maluza e necesidad cu pueblo tabatin durante e pandemia pa recolonisa nos isla.

Hulanda ta haya fianza riba mercado internacional pa 3%. Si Aruba no somete na recolonizacion, Hulanda ta bende nos e fianza na 6.9%. Cu otro palabra den 20 aña Hulanda lo gana 600 miyon florin riba lomba di Pueblo di Aruba. Mas erg ta cu Hulanda no por duna ningun motibo drechi pa hustifica esaki. Aruba semper a paga su debenan y pa colmo ta demostrando un crecemento

TodomarAruba @TodomarAruba TodomarAruba +297 585 0555

economico prome y despues di e pandemia. E unico motibo ta cu Shon Hulanda kier domina bek nos pais. Hulanda ta haci kico cu ta pa logra esaki, hasta presiona nos Minister President Evelyn Wever – Croes pa firma un contract desastroso, pa por scapa su pueblo di muri di hamber. Miembronan di Parlamento Hulandes mes ta bisa cu e actonan di Gobierno Hulandes ta humiliando un pais autonomo den Reino y ta impone su KIER riba Aruba. Esaki solamente lo haci bida di Pueblo di Aruba mas dificil.

Ora bo aplica pa un fianza na banco, e banco hustamente ta pidi bo “payslip” y ta puntra ki debe mas bo tin. Esaki ta pa sigura cu bo lo por paga bo debe bek. Pero banco no ta dicta den bo hogar cual scol bo mester manda bo yiu of con bo tin cu cushina bo sopi. Wel, e banco Hulandes si ta existi tur esaki den nos pais. Tin hende ta haci wega bisando cu Hulanda a dal nos un 69 (6.9%). Esaki no ta cuadra, paso ta insinua cu ta algo mutuo cu ambos partido ta di acuerdo cu ne. E realidad ta mas algo manda, cara tapa, droga y sin vaselin. Mi ta urgi Minister President Evelyn Wever – Croes pa keda renegocia e terminonan cu Hulanda na beneficio di Pueblo di Aruba.

Musica ta trece alegria, ta inspira y eleva bo spirito

Desde awo musica lo resona den hal principal di Hospital

Recientemente Horacio Oduber Hospital oficialmente a inaugura un grandioso piano den HOH su hal principal. Durante e inauguracion di e piano aki melodianan espectacular a zona danki na nos talentoso colega Tjerk Koekkoek, Olaf Vroegop cu ta yiu di director Vroegop y tambe invitado special sr. Johnny Scharbaay cu a deleita tur esnan presente cu melodianan di nos dushi cultura. Segun director di HOH, sr. Jacco Vroegop “nos ta di e pensamiento cu un piano lo aumenta e atmosfera na nos Hospital y alabes lo contribui na e bienestar di nos pashentnan y tambe coleganan. Musica tin e abilidad remarcabel pa inspira y eleva bo spirito, reduci ansiedad y crea un sentido di tranklidad y comodidad.”

Incorporando e piano den e ambiente di HOH ta parti di nos mision na HOH unda ta provee hospitalidad, enfocando no solamente riba tratamiento medico, sino tambe e bienestar emocional y psicologico di nos pashentnan, bishitante y coleganan. Tambe como Hospital nos ta di pensamiento cu pa medio di introduccion di un piano den nos hal

principal e lo trece hende hunto. Pashent, bishitante y staff lo por conecta y comparti experiencianan musical den un ambiente ameno. Hospital ta spera cu por encurasha pashent, bishitante y coleganan cu talento musical pa toca e piano grandioso aki y asina nos provee un espacio unda por expresa creatividad y asina aumenta atmosfera na HOH.

Y corda bon, e piano ta di nos tur pues sinti bo liber pa toca y laga musica resona na HOH!

Recubrimiento crujiente

- 1 taza de harina para todo uso
- 1/4 taza de almidón de maíz
- 1/2 cucharadita Pimienta
- 1 cucharadita Sal

Direcciones:

1 - En un tazón grande, mezcle el garam masala con aceite de oliva virgen extra, sal y pimienta. Agrega la coliflor hasta que esté bien cubierta.

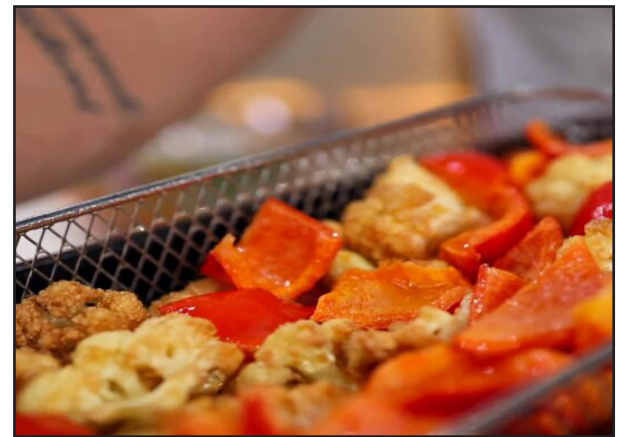

2 - Chermoula: En una licuadora, haga puré el perejil, el cilantro, el chile serrano, el comino, el cilantro, el chile en polvo, el ajo, el aceite de oliva, sazone la sal y la pimienta.

3 - Chermoula de tomate: En un recipiente aparte mezcle los pimientos licuados, los tomates enlatados licuados, el ajo rallado, la pasta de tomate con pimentón ahumado, el jugo de limón, el aceite de oliva virgen extra, la sal y la pimienta.

4 - Batir la harina, la maicena, la sal y la pimienta. Cubra la coliflor, eliminando el exceso de harina, antes de freírla.

5 - Freír la coliflor y los pimientos rojos juntos en aceite a 350°F/180°C. Cocine hasta que esté ligeramente dorado y crujiente, sazone y deje secar durante 1 minuto, luego mezcle con tomate Chermoula, cebolla morada en rodajas, hojas de cilantro, tomate cherry, sazone con más sal y pimienta al gusto.

6 - Coloque la chermoula verde en la base del plato o en el costado para mojar. Añade la ensalada crujiente de coliflor y ¡a disfrutar! Sirva con rodajas de limón si lo desea y más cilantro.

Fortaleza pa Famia

Confia den señor, e ta hopi mas cerca cu bo ta kere

REY David a bisa: lo mi halsa mi wowonan na e seronan, for di unda mi yudansa lo bin? Mi yudansa ta bini for di Señor kende a traha cielo y tera (Salmo 121:1)

Señor ta bo wardado, Señor ta bo sombra na bo man drechi (Salmo 121:5)

Señor lo warda bo salida y bo entrada, for di awor y pa semper (Salmo 121:8).

Den e tempo turbulento y trabahoso aki, tur locual nos mester haci tur dia ta faha nos confiansa den Señor, pasobra solamente den Señor tin salvacion.

Señor ta cerca di tur esnan cu sclama na dj'E, cerca di tur esnan cu ta sclama na dj'E di berdad (Salmo 145:18).

Inmoralidad y malisia ta aumenta, hende su curason ta desvia for di Dios, aspirando placa, posicion y poder, pero nada por supera e soberania di Dios.

Bendiciona ta e hende cu ta confia den Señor, y kende su confiansa ta den Señor (Jeremias 17:7)

Tin ta confia den garoshi, otro den cabay, ma nos ta confia den e nomber di Señor nos Dios (Salmo 20:7)

Tur mayor mester encurasha nan yiu pa kere den Dios, para firme y confia den Señor cu henter nan curason, y no duna e diabel ningun chens.

Ma pa loke ta ami, mi ta confia den bo O Señor. "Mi ta bisa bo ta mi Dios." (Salmo 31:14).

Ta miho tuma refugio den Señor cu confia den hende, (Salmo 118:8).

Yerba ta seca y flor ta marchita, ma e palabra di Dios ta permanece pa semper, cosnan temporal bo ta haya tur caminda, pero cosnan profundo y eterno, y mas cu tur cos sabiduria ta cerca Dios bo por hay'e.

Ora bo ta pasa door di awanan lo Mi ta cu bo.

Y door di riunan, nan lo no lastra bo bay cu bo.

Ora bo ta cana door di candela esaki lo no flama bo, ni e vlam lo kima bo. Pasobra Ami ta Señor bo Dios esun Santo di Israel, bo Salvador (Isaias 43:2-3).

Awendia malisia, perversidad y impuresa ta wordo plania pa medio di un decreto.

No laga nos lubida locual cu palabra di Dios ta bisa:

Ay di esnan cu ta yama locual cu ta malo bon, y loke ta bon malo, loke ta scuridad luz, y loke ta luz scuridad, loke ta marga dushi, y loke ta dushi marga (Isaias 5:20).

Awor cu berdad ta wordo troci, y tur clase di vulgaridad ta wordo acepta como informacion, nos mester stabilisa nos fe den Dios, pasobra e palabra di Dios ta bisa:

Lo bo warda den pas perfecto esun cu su pensamiento ta permanece den Bo, pasobra e ta confia den Bo. Confia den Señor pa semper, pasobra den Dios e Señor nos tin un baranca eterno (Isaias 26:3-4).

Tur palabra di Dios ta puro, E ta un escudo pa esnan cu ta tuma refugio den dj'E (Proverbionan 30:5).

E guia den e palabra di Dios, ta primordial den nos bida, pa nos por ta un ayudo pa nos prohimo, p'asina nos por yuda hopi hende scapa di e candela eterno, y ora nan arepentí y kere den Cristo Hesus nan lo ricibi bida eterna.

Confia den Señor cu henter bo curason, y no depende riba bo mes comprendemento, den tur bo camindanan reconoc'E y e lo dirigi bo berehanan (Proverbionan 3:5)

No lubida riba Señor su invitacion: Bin cerca mi tur cu ta cansa y carga y lo Mi duna boso sosiego (Mateo 11:28).

MUSIC BRINGS JOY, INSPIRES, AND LIFTS YOUR SPIRITS

MUSIC WILL RESONATE IN THE MAIN HALL OF THE HORACIO ODUBER HOSPITAL

Music brings joy, inspires, and lifts your spirits

Music will resonate in the main hall of the Horacio Oduber Hospital

RECENTLY, the Horacio Oduber Hospital officially inaugurated a grand piano in its main hall. During the inauguration of this piano, spectacular melodies filled the air thanks to our talented colleague Tjerk Koekkoek, Olaf Vroegop, the son of director Vroegop, and special guest Mr. Johnny Scharbaay, who delighted everyone present with melodies from our beautiful culture.

According to the director of HOH, Mr. Jacco Vroegop, “We believe that a piano will enhance the atmosphere in our hospital and also contribute to the well-being of our patients and colleagues. Music has the remarkable ability to inspire, lift your spirits, reduce anxiety, and create a sense of calm and comfort.”

Incorporating the piano into the HOH environment is part of our mission at HOH, where we provide hospitality, focusing not only on medical treatment but also on the emotional

and psychological well-being of our patients, visitors, and colleagues. It’s a simple yet powerful way to make a positive impact on everyone who enters our doors daily.

As a hospital, we also believe that introducing a piano into our main hall will bring people together. Patients, visitors, and staff can connect and share musical experiences in a friendly environment. The hospital hopes to encourage patients, visitors, and talented colleagues to play this grand piano and provide a space where creativity can be expressed, thereby enhancing the atmosphere at HOH.

The Board of Directors wishes to sincerely thank the sponsors from the Netherlands, Columbus Medical, and MP Corporation, who believed in this idea and, thanks to their support, it is now a reality for all of us at HOH and the Aruban community! And remember, the piano belongs to all of us, so feel free to play and let music resonate at HOH!”

Minister Dangui Oduber Announces Another Increase in Pension Benefits

Pensioen specificatie:

Jaar	Gehuwd	Ongehuwd	Splitsing
2017	1864	1107	932
2018	1864	1107	932
2019	1906	1132	953
2020	1948	1157	974
2021	1948	1157	974
2022	1948	1157	974
2023	2046	1215	1023

ON Wednesday afternoon, Minister Dangui Oduber announced that starting on January 1, 2024, pension benefits will be increased once again, this time by a minimum of 3%.

As the Minister responsible for the SVb (Social Insurance Bank), it is only natural to think about our elderly citizens and how to assist them in the face of the inflationary pressures they are experiencing. There are currently two global crises putting immense pressure on people worldwide, and Aruba is not immune to their effects. These external factors are significantly affecting our pensioners. The government’s task is to do everything within its power to help pensioners wherever possible.

Aruba is experiencing a rapid recovery in tourism, resulting in double-digit economic growth and ensuring the stability of social security funds. This year, 2023, Aruba is set to surpass the levels of 2019, which was an excellent year for the country.

Thanks to the growth in tourism, there is room for another adjustment in pension benefits. Minister Dangui Oduber has increased pension benefits four times since 2017. Increases were implemented in 2019, 2020, 2023, and now, in January 2024, another 3% increase will aid pensioners in maintaining their purchasing power, which is undoubtedly needed.

SVb Launches the MiSVb Worker Mobile App

MINISTER of Public Health, Mr. Dangui Oduber, is pleased to announce that the Social Insurance Bank (SVb) launched an app for all employees in the private sector. This platform is designed to improve services and efficiency for workers, making interactions with SVb faster and easier. Now, with just one click, an employee can have direct contact with SVb, print statements, report sick days, access their employment and sick leave history, and even verify if all their information, such as their salary, is correctly registered.

The Minister explained that his vision is to provide modern services to all policyholders through innovation and technology. With this app, SVb aims to work more efficiently, bringing even more transparency to all workers. SVb has 43,000 employees from the private sector registered in its system, and the intention is for all workers to download the app and register.

SVb continues to make ongoing investments to improve the services it provides to its clients. In the case of this app announcement, it signifies an improvement in services for employees. By utilizing innovation and technology, SVb demonstrates how digitization enhances services to be more agile and efficient.

Congratulations to Director Mr. Jacob and the entire SVb team for yet another excellent project that benefits the community.

A.T.A. Welcomes Carnival Venezia to Aruba!

ON October 4th, the Aruba Tourism Authority (A.T.A.) had the pleasure of celebrating the inaugural visit of Carnival Venezia to Aruba. The ship, belonging to the prestigious Carnival Cruise Lines, arrived in Aruba in the morning with over 4000 passengers on board, who had the opportunity to disembark and explore all that our island has to offer.

The Aruba Tourism Authority was present to give a warm welcome to both the crew and tourists. In a ceremonial exchange, Mr. Patrick Melchior of A.T.A. presented a commemorative plaque to Captain Crescenzo Palomba, marking this historic moment. The plaque served as a testament to A.T.A.'s dedication and our island's commitment to the cruise industry, as well as our commitment to building strong partnerships with Carnival Cruise Lines.

In return, A.T.A. also received a plaque from Carnival Cruise Lines, symbolizing the alliance between the two entities in creating memorable experiences for cruise visitors. During this morning, A.T.A. was joined by the CEO and Manager of Aruba Ports Authority N.V., representatives from the Government of Aruba, and Shipping Agents from Maduro

and Sons.

Built in 2019 and renovated in 2023, Carnival Venezia is a luxurious cruise ship with a capacity of 5260 passengers, including 1393 crew members. Carnival Venezia offers a variety of amenities for its passengers, including the latest in technology and world-class hospitality.

A.T.A. expresses gratitude and appreciation for the relationship with Carnival Cruise Lines and acknowledges the important role they play in promoting Aruba as a leading destination in the Caribbean for travelers. The visit of Carnival Venezia demonstrates the strength of Aruba as a cruise destination. The alliance with Carnival Cruise Lines aligns with A.T.A.'s management and the 'high value, low impact' tourism model, focusing on high-quality cruise visitors while prioritizing sustainable development in this sector.

A.T.A. will continue to work closely with A.P.A. and other tourism partners to bring more prestigious cruise ships to our island, contributing to the economy of Aruba. Welcome to Aruba, Carnival Venezia!"

Vaccination against respiratory viruses COVID-19 and Influenza

RESPIRATORY viruses refer to viruses that cause flu-like symptoms in humans. There are various types of these viruses that can cause flu-like symptoms, but two, in particular, are known to cause serious complications and even death in individuals within our community. These two viruses are Influenza and COVID-19.

From 1999-2021, Aruba recorded 18 deaths due to Influenza, with 83.3% of these cases involving individuals aged 65 and older. The COVID-19 virus continues to lead to hospitalizations and deaths.

To protect the at-risk population within our community from becoming seriously ill, developing complications, or succumbing to infection by either of these two viruses, the DVG (Department of Public Health) will soon begin offering the annual Influenza vaccine as well as the COVID-19 vaccine containing the most current variant.

Citizens falling within the at-risk group are strongly advised to receive the Influenza and COVID-19 vaccines, which will be provided free of charge.

The following individuals fall within this at-risk group:

- Adults aged 60 or older
- Residents of nursing homes and care centers

Citizens between the ages of 18 and 59 who annually seek their Influenza vaccine on the advice of a house doctor or specialist

- This includes those with obesity (BMI ≥ 40)
- Adults and children starting from 6 months of age who are mentally incapacitated
- Caregivers who have contact with patients

The at-risk group strongly advised to receive only the annual COVID-19 vaccine includes:

- Adults and children aged 6 months to 59 years with high medical risk (e.g., those suffering from illnesses that weaken their immune system)
- Pregnant women at around 22 weeks of gestation. For maximum protection, vaccination is recommended in the 2nd trimester of pregnancy.

The general community between the ages of 6 months and 59 years who are healthy and not part of the at-risk group are not currently called upon to receive these vaccines.

In the coming days, the DVG will inform residents about the locations in different neighborhoods and specific days during which the mentioned groups can come to receive their Influenza and/or COVID vaccines. Those recommended to receive both vaccines can do so at the same time without any concern. The DVG will communicate with house doctors and specialists about at-risk groups so they can advise those in need to take this step.

Updates on Israel-Hamas Conflict:

U.S. Pledges Ongoing Support, IEA Warns of Oil Market Uncertainty

IN the midst of the Israel-Hamas conflict, the world watches with bated breath as developments unfold. U.S. Secretary of State Antony Blinken's Assurance to Israeli Prime Minister Benjamin Netanyahu.

U.S. Secretary of State Antony Blinken conveyed unwavering support to Israeli Prime Minister Benjamin Netanyahu during a crucial meeting in Tel Aviv. This meeting follows a series of violent attacks perpetrated by the Palestinian militant group, Hamas, against Israel over the weekend. Blinken's reassuring words to Netanyahu were clear: "We're here, we're not going anywhere."

Blinken's Meeting with President Mahmoud Abbas

In a separate development, Palestine Liberation Organization Secretary-General Hussein al-Sheikh disclosed that Antony Blinken is scheduled to meet with President Mahmoud Abbas of the Palestinian Authority on Friday. This diplomatic engagement underscores the U.S.'s commitment to engaging with all parties involved in the ongoing conflict.

U.S. Denouncement of Hamas Attacks

The United States has unequivocally condemned the attacks launched by Hamas, offering a proposal for a humanitarian corridor aimed at safeguarding civilians in the Gaza Strip amidst the ongoing turmoil.

Escalating Toll in Israel and Gaza

Tragically, the death toll continues to rise in both Israel and Gaza as the conflict rages on. Sirens persist, and the ravages of war unfold. Israeli Minister of Energy and Infrastructure, Israel Katz, affirmed on Thursday that the Gaza siege will persist until the hostages taken by Hamas are safely returned to their homeland.

IEA's Assessment of Oil Market Uncertainty

The International Energy Agency (IEA) has issued a cautionary statement, underscoring the fragility of oil markets as the Israel-Hamas conflict endures. The Middle East, a pivotal region for global seaborne oil trade, is at the heart of this concern, accounting for over one-third of the trade.

The IEA's latest monthly oil market report elucidates the situation: "The Middle East conflict is fraught with uncer-

tainty, and events are fast developing. Against a backdrop of tightly balanced oil markets anticipated by the IEA for some time, the international community will remain laser-focused on risks to the region's oil flows."

As the Israel-Hamas conflict enters its sixth day, industry experts closely monitor the possibility of oil output disruptions in this vital region.

Understanding Israel's Iron Dome

Amidst the relentless attacks by the Palestinian militant group Hamas, Israel's Iron Dome is once again at the forefront. This sophisticated defense system plays a critical role in Israel's defense strategy.

In essence, Israel's Iron Dome is a mobile all-weather defense system meticulously designed to intercept incoming rockets and other short-range threats by launching guided missiles, thereby neutralizing potential threats mid-air. Its effectiveness in safeguarding Israeli territories has underscored its pivotal role in the nation's defense capabilities.

The Israel-Hamas conflict, a complex and evolving crisis, continues to elicit worldwide attention. With significant ramifications for the region and beyond, the international community remains vigilant and concerned as the situation unfolds.

California Player Hits Jackpot:

\$1.765 Billion Powerball Prize Ends Lengthy Dry Spell

IN a monumental moment, the Powerball lottery, after a notable absence of top-prize winners, has crowned a victor. A fortunate player from California clinched the staggering \$1.765 billion Powerball jackpot in Wednesday night's drawing.

The winning numbers for this historic jackpot were revealed as follows: 22, 24, 40, 52, 64, and the Powerball number 10. This life-changing ticket was sold at Midway Market & Liquor, an establishment situated in Frazier Park, a serene, unincorporated mountain community encompassing approximately 2,600 residents, located approximately 75 miles north of Los Angeles.

Phone calls made both on Wednesday night and Thursday morning to Midway Market & Liquor went unanswered, reflecting the overwhelming excitement and anticipation surrounding this extraordinary win. The store's night worker, identified simply as "Duke," shared his experiences with KCAL-TV, noting that congratulatory phone calls have been incessant, describing the situation as "pretty crazy."

As lighthearted banter echoed through the store, Duke humorously mentioned, "Somebody owes me a truck." He explained that many loyal customers, who visit daily to acquire their lottery tickets, have promised him a new truck should they win. In jest, Duke eagerly awaits the fulfillment of this promise, stating, "So where's my truck? I'll be waiting." He presumes that the fortunate winner is likely to be a local resident.

Before this momentous win, the Powerball had endured an astounding 35 consecutive drawings without a jackpot victor. The drought persisted since July 19, when a California player matched all six numbers to claim a substantial \$1.08 billion.

This colossal jackpot, amounting to \$1.765 billion, is now ranked as the world's second-largest lottery prize, following a remarkable 36 consecutive drawings that fueled its remarkable growth. This remarkable streak comes second only to the record of 41 draws set in 2021 and 2022. The final surge in ticket sales effortlessly surpassed the initial estimated jackpot of \$1.73 billion for the Wednesday night drawing.

The most substantial Powerball jackpot in history was the \$2.04 billion prize won by a California player in November of the prior year. These astronomical prizes are characteristic

of Powerball's design, where the odds of clinching the grand jackpot, standing at 1 in 292.2 million, are intentionally set to produce grand prizes that escalate with each rollover in the absence of a victor. However, this long dry spell has been marked by infrequent triumphs.

Despite the improbable odds, enthusiastic individuals eagerly invested in their chance at newfound wealth. For instance, Robert Salvato Jr., a 60-year-old electrician who recently tied the knot, purchased 40 Powerball tickets with the aspiration of taking care of family and pampering his cherished feline companion.

Nevada residents, eager to participate in the Powerball excitement, journeyed to California to obtain their tickets. Tamara Carter and Denise Davis undertook the drive from Las Vegas, but were met with an unexpectedly extensive line at their initial stop. Carter remarked, "The line was about three hours long," and expressed the disappointment of waiting in line for half an hour without progress.

The colossal jackpot is the result of an extended period of absence of top winners. The previous victorious Powerball ticket was sold on July 19 and was worth \$1.08 billion after 39 drawings transpired without a jackpot victory. Despite the long odds, hopeful participants maintained their optimism, purchasing tickets in the anticipation of a momentous triumph.

In the majority of states, a Powerball ticket is priced at \$2, and players have the choice of selecting their numbers or leaving the task to a computer. The \$1.765 billion prize is designated for a single winner who opts for an annuity paid over 30 years. Nevertheless, winners typically choose the cash option, which for Wednesday night's drawing amounted to an estimated \$774.1 million.

Winnings will be subject to federal taxes, and it is important to note that many states impose taxes on lottery prizes as well.

Delta Air Lines Soars to \$1.11 Billion Profit in Q3

Foresees Bright Holiday Season Ahead

IN a resounding testament to the travel industry's remarkable resurgence, Delta Air Lines reported a remarkable \$1.11 billion profit for the third quarter, raising hopes for a strong and promising holiday season. The profit surge represents a remarkable 59% increase from the previous year, underscoring the airline's unwavering resilience even amidst higher labor costs.

The key driver behind Delta's success has been its robust ticket sales, particularly for premium seats and international flights, which have allowed the airline to overcome cost pressures. The airline's confidence in a thriving future is underscored by its predictions for fourth-quarter and full-year profits, which consistently surpass Wall Street's expectations.

CEO Ed Bastian expressed his enthusiasm for the future, stating, "I think we're closing the year strong, and the holiday bookings that we see right now are pretty good. Domestic travel is solid, and international is really strong."

As the travel industry continues to rebound, U.S. airlines are experiencing the high-flying success that has been a hallmark of the recovery process. Delta's capacity expansion, a remarkable 16%, was well-met by eager travelers who filled those extra seats. In the third quarter, travelers collectively journeyed 64 billion miles with the airline, marking an impressive 17% increase, while an impressive 88% of seats were occupied on average flights, reflecting a 1% uptick from the previous summer.

The revenue growth from ticket sales in the main cabin was nothing short of impressive, posting a remarkable 12% increase. Even more noteworthy was the 17% surge

in revenue from premium seating. Delta's loyalty program, SkyMiles, also witnessed significant growth, with a staggering 21% increase in revenue.

However, Delta's extraordinary success comes with unique challenges, particularly within the loyalty program. SkyMiles has become immensely popular, resulting in more passengers desiring upgrades to superior seats than the available capacity. This has occasionally led to long lines at Delta lounges, notably in bustling airports like Atlanta and JFK in New York.

CEO Ed Bastian acknowledges the strong reaction, admitting that the airline "probably went too far." He assured that adjustments to these changes are forthcoming, stating, "We are working on that. We'll be announcing something in the coming days."

Delta's third-quarter profit, even after accounting for one-time items, stood at an impressive \$2.03 per share, surpassing analysts' forecasts by 8 cents. The airline's revenue also surged by 11% to reach \$15.49 billion, exceeding expectations.

For the fourth quarter, Delta projects a remarkable revenue increase of up to 11% compared to the previous year, with expected earnings ranging from \$1.05 to \$1.30 per share, topping analysts' predictions of \$1.09 per share.

With Delta's upbeat full-year profit forecast landing between \$6 and \$6.25 per share, exceeding its earlier estimate range of \$5 to \$6, the outlook is undeniably promising. Although a recent uptick in jet fuel prices poses a short-term challenge, the airline's leadership expresses confidence in the ability to adjust prices adequately to offset any increase in fuel expenses.

Assassin's Creed Mirage Becomes Ubisoft's Best-Selling Current-Gen Game At Launch

UBISOFT confirmed that Assassin's Creed Mirage is the "biggest new-gen launch" for the company across PS5 and Xbox Series X|S. Though no specific sales figures were given, Mirage's player numbers are "in line" with Assassin's Creed Origins and Odyssey.

Players have spent 479 million years performing parkour moves and made 60 million leaps of faith. Ubisoft expressed gratitude for the positive reception and will share more information during its next earnings release on October 26.

Counter-Strike 2 Will No Longer Be Supported For Mac And Older Systems In 2024

VALVE recently announced that it will no longer support CS2 on DirectX9, macOS, and 32-bit operating systems

According to Valve, these users represent less than one percent of active CS:GO players. Valve stated that Counter-Strike 2 (CS2) will only support 64-bit Windows and Linux in the future. If your current hardware is unable to launch Counter-Strike 2, you can still access a legacy version of CS:GO.

However, support for this version will end on January 1, 2024. The legacy version is a frozen build of the game that still has all the features except for official matchmaking. After January 1, 2024, some functionality that relies on compatibility with the game coordinator may degrade or fail, such as access to inventory.

If you have purchased Prime Status Upgrades and are eligible for a refund, you can request it until December 1. DirectX 9 and 32-bit Windows users can obtain refunds if they have purchased the game on Steam between the announcement

of Counter-Strike 2 Limited Test on March 22 and the launch of the game on September 27. MacOS users can get a refund if most of their playtime was on macOS or if they played CS:GO on a Mac during the same timeframe.

Valve had teased the release of Counter-Strike 2 on September 27, and it did indeed launch on that date, replacing CS:GO entirely. The game is free to play.

New Slim PlayStation 5 Models Announced

All-Digital Sees \$50 Price Increase

SONY is releasing a new slimmed-down PlayStation 5 model

in November. Both the all-digital version and the version with the disc drive will feature a 1TB SSD for more storage. The new slim PS5 with the disc drive will cost \$499, while the all-digital version will cost \$449. Once current stock has been sold, the slim PS5 will be the only option available for purchase. An external Ultra HD Blu-ray Disc Drive can be purchased separately for \$70, and a horizontal stand can be bought separately for \$30.

Although PlayStation is still dominating the current console market, many players are disappointed with the new design and pricing in comparison to the PlayStation 4 and Slim models. Most viewers of the announcement didn't even realize that they were looking at a new console due to its striking similarity to the current model.

The pricing is also a concern for most users because, usually, when they introduce a slim version of a console, it is released at the same price point or cheaper. However, we are living in a world where everything keeps getting more and more expensive, so this was somewhat expected.

Carpal Tunnel Syndrome:

A Challenge for Gamers and Computer Users

IN an era where digital devices and screens dominate our daily lives, Carpal Tunnel Syndrome (CTS) has emerged as a pressing concern, especially for avid gamers and computer users. CTS is a medical condition that results from the compression of the median nerve in the wrist, leading to a range of uncomfortable and sometimes debilitating symptoms.

Understanding Carpal Tunnel Syndrome:

Carpal Tunnel Syndrome is a common condition that can affect anyone engaged in repetitive hand and wrist movements. Gamers and computer users are particularly susceptible due to the extensive hours spent using keyboards, mice, and game controllers. The median nerve, running through the carpal tunnel in the wrist, becomes compressed or pinched, causing pain, numbness, tingling, and weakness in the hand and wrist.

The Impact on Gamers:

The gaming community, known for its dedication to extended gaming sessions, is no stranger to the potential risks of CTS. Gamers often engage in rapid and repetitive hand movements during gameplay, which can contribute to the development of this syndrome. It's not just a matter of occasional discomfort; for professional gamers, CTS can pose a significant threat to their livelihood.

Preventive Measures and Solutions:

While CTS is a concerning issue, there are preventive measures and solutions to help gamers and computer users protect themselves. Regular breaks during gaming

or computer work can reduce the strain on the wrists. Maintaining proper wrist posture, using ergonomic accessories, and doing hand and wrist exercises can all contribute to minimizing the risk of CTS.

Seeking Professional Help:

For those experiencing symptoms of CTS, it's crucial to seek professional medical advice. Early diagnosis and treatment can make a significant difference in managing the condition. Treatment options may include lifestyle adjustments, wrist splints, physical therapy, or, in more severe cases, surgery.

The Future of Gaming and CTS:

As the world of gaming continues to evolve, so does the understanding of CTS and its prevention. Game developers and hardware manufacturers are increasingly focused on designing more ergonomic and user-friendly gaming peripherals. These developments aim to enhance both the gaming experience and the well-being of gamers.

Final Thoughts:

Carpal Tunnel Syndrome is a genuine concern for gamers and computer users alike, but with awareness and proactive measures, it is possible to mitigate its impact.

Gamers and computer enthusiasts must prioritize their health and well-being, embracing ergonomic practices and seeking help when necessary. As the gaming industry thrives, striking a balance between endless gameplay and responsible self-care remains key to a healthy and enjoyable gaming experience.

Influencer Boxing Extravaganza:

KSI vs. Tommy Fury and Logan Paul vs. Dillon Danis Clash in Manchester

IN the ever-expanding world of influencer boxing, anticipation is soaring as two pioneers of this viral phenomenon prepare for an electrifying showdown in Manchester, England. The spotlight will shine brightly on Saturday night as KSI returns to the ring to take on reality TV personality Tommy Fury. Meanwhile, Logan Paul, making his comeback after a two-year hiatus, faces off against mixed martial artist Dillon Danis. This remarkable event is set to unfold at the Manchester Arena in the heart of England.

Tommy Fury, known as the younger brother of WBC heavyweight champion Tyson Fury, enters this contest fresh off a career-defining triumph. In February, he secured a split decision victory against Jake Paul, marking a pivotal moment in his career. Now, Tommy Fury seeks to further embellish his record by adding another win over a fellow influencer, although the nature of this bout, whether professional or exhibition, remains a point of discussion.

Originally designated as an exhibition, the fight was not sanctioned by the British Boxing Board of Control. However, the classification was recently adjusted to “professional” on BoxRec, introducing an intriguing twist to the event.

In the opposing corner stands KSI, with a single professional victory to his name, secured through a split decision against Logan Paul in 2019. Before that iconic bout, KSI engaged

in two amateur fights, one of which pitted him against Paul. Subsequently, he participated in three sanctioned bouts organized by the Professional Boxing Association, technically categorized as exhibitions. In these encounters, KSI emerged victorious against rapper Swarmz and Luis Alcaraz Pineda on the same night, followed by a triumph over FaZe Temperrr.

Notably, following his showdown with KSI, Logan Paul embarked on one more bout, an exhibition spanning eight rounds against the legendary Floyd Mayweather Jr. In recent times, Paul has become a captivating attraction in the world of WWE, gaining recognition for his impressive wrestling skills.

Enter Dillon Danis, a skilled grappler who once held the promise of becoming a notable figure in mixed martial arts. Despite his potential, Danis only competed as a professional twice, securing victories in Bellator contests in 2018 and 2019. Regrettably, his career has been marred by a series of fight cancellations, including a planned boxing bout against KSI in January, which never came to fruition.

As the excitement mounts for this unique collision of influencers turned pugilists, it’s time to explore the comprehensive fight card and details on how you can tune in to witness the action unfold on October 14th.

Two Home Runs and Two Glaring Stares

Bryce Harper's Electrifying Response to Atlanta Braves' Barb

IN the realm of competitive sports, confrontations can often serve as a source of motivation, driving athletes to excel and prove their mettle. Such was the case when Atlanta Braves shortstop Orlando Arcia directed a few choice words towards Philadelphia Phillies star Bryce Harper following a pivotal moment in their National League Division Series. The aftermath? A scintillating response from Harper that included two powerful home runs and two unapologetic stares in the direction of Arcia.

The Phillies' Game 3 encounter with the Braves resulted in a resounding 10-2 victory, propelling them to a 2-1 lead in this best-of-five series. After the game, Harper acknowledged the intensity of the sport and the impact of commentary. He stated, "It's a super competitive game that we play, from both sides of the ball. And I enjoy commentary and things... Anytime anybody says something, right? I mean, that's what it's all about."

Arcia's comments, made in the Braves' clubhouse while celebrating Harper being doubled off first base to end a previous game, seemingly echoed in Harper's ears. Arcia had yelled, "ha-ha, attaboy, Harper!" during the celebration. It was a message that didn't go unnoticed.

Harper's powerful response wasn't limited to his performance on the field. Together with teammate Nick Castellanos, he arrived at the ballpark donning attire inspired by renowned Colorado coach Deion Sanders. Harper sported a "Coach Prime" T-shirt, while Castellanos showcased a "Prime"

hoodie. Sanders, known for his unapologetic retorts to criticism, notably quipped, "They done messed around and made it personal" in response to a rival coach's comments earlier in the season. The Phillies subtly referenced this statement, with Harper and Castellanos appearing in their Deion Sanders-inspired gear ahead of the game.

Six home runs, including two by Castellanos and one each by Trea Turner and Brandon Marsh, were part of Philadelphia's historic barrage during the game. Harper's contribution, comprising his 9th and 10th career home runs in division series play, further solidified his place in baseball history. The Phillies collectively hit six home runs, setting a franchise playoff record and tying the record set by the 2015 Chicago Cubs for the most home runs in a postseason game.

While the game's outcome was an accomplishment for the Phillies, much

of the post-game discussion centered around Arcia's comments and Harper's response. Trea Turner, the Phillies' shortstop, offered insight into Harper's dynamic persona, stating, "There's one person I would never talk about. It's that guy [Harper]. We don't call him the showman for nothing."

Arcia later clarified that his remarks were not intended for public consumption, emphasizing that they were made within the confines of the Braves' clubhouse. Nevertheless, the comments found their way to Harper's ears through teammates.

Harper's performance, characterized by unwavering focus and steely determination, showcased his prowess as an athlete and a competitor. As the Phillies stand on the brink of securing a consecutive NLCS appearance, Harper's impact on the team and the sport at large is unmistakable. In his own words, "I love this place... I get chills, man. I get so fired up. Man, I love this place."

Houston Astros Secure ALCS Spot with Game 4 Victory Over Twins

THE Houston Astros continue to demonstrate their road prowess, clinching a seventh-straight American League Championship Series (ALCS) appearance with a decisive 3-2 win over the Minnesota Twins in Game 4 of the American League Division Series (ALDS). The Astros had already claimed victory in Game 1 in Houston in this best-of-five series.

Wednesday night's clash at Target Field was filled with

excitement, marked by standout performances and dramatic moments.

The game's turning point came in the fourth inning when Astros' first baseman, Jose Abreu, smashed a two-run home run, putting his team ahead 3-2. Prior to Abreu's heroics, Michael Brantley had set the stage with a solo homer in the second inning, immediately responding to a Royce Lewis homer for the Twins in the first inning.

Starting pitcher for the Astros, Jose Urquidy, showed his mettle, holding the Twins hitless for four innings following Lewis's home run. The Twins managed to break the silence with Edouard Julien's solo homer in the sixth inning.

Urquidy's night's work culminated with five and two-thirds innings pitched, during which he allowed just three hits and two earned runs. He issued one walk and recorded six strikeouts on 82 pitches.

Throughout the game, the Astros faced a formidable lineup of Twins' bullpen arms, led by Joe Ryan, who pitched for two innings.

As Urquidy exited, the Astros' bullpen took over and held strong, with scoreless innings courtesy of Hector Neris, Bryan Abreu, and the closer, Ryan Pressly, who made a memorable return to Minnesota, where he spent his first six seasons in the MLB.

With this well-earned victory, the Astros make history with their seventh consecutive ALCS appearance, an American League record. Their next challenge is a historic playoff meeting with in-state rivals, the Texas Rangers, in what promises to be an electrifying ALCS.

The stage is set for ALCS Game 1, scheduled for Sunday, where baseball fans can anticipate an intense showdown between two Texas powerhouses.

International Olympic Committee Suspends Russian Olympic Committee 'Immediately' Over Ukrainian Recognition

IN a significant development, the International Olympic Committee's executive board has taken swift action by suspending the Russian Olympic Committee (ROC) "with immediate effect until further notice." This decision comes in response to the ROC's recent recognition of regional organizations from four Ukrainian territories that were illegally annexed by Russia during its full-scale invasion, which began in 2022.

The IOC has emphasized that the ROC's recognition of these regions, as of last Thursday, constitutes a breach of the Olympic Charter. This recognition is considered a violation of the territorial integrity of the National Olympic Committee of Ukraine, warranting a resolute response from the international body governing the Olympics.

In light of this suspension, the IOC has indicated that it will determine the fate of Russian athletes concerning their participation in the Paris 2024 Olympics "at the appropriate time." This decision holds implications for Russian athletes, as they may face the prospect of competing as neutrals in the upcoming Olympic Games.

The recognition by the ROC pertains to the Olympic Councils in the regions of Luhansk, Donetsk, Kherson, and Zaporizhzhia, which have all been acknowledged by the Russian Olympic Committee.

It is worth noting that the IOC has been under mounting pressure to take a decisive stance regarding the participation of Russian and Belarusian athletes, even under a neutral flag, since the outset of the invasion. However, in March, the IOC had communicated to various sporting federations that

they should permit athletes from these countries to compete as neutrals. This latest suspension marks a significant shift in the IOC's position and demonstrates its commitment to upholding the principles enshrined in the Olympic Charter.

The Rise of Theodore Roosevelt:

A Journey to Presidential Greatness

THEODORE Roosevelt, the 26th President of the United States, led a life that can only be described as remarkable. In Edmund Morris's book, "The Rise of Theodore Roosevelt," readers are taken on a captivating journey through the early years of this iconic leader, from his birth to his ascendancy to the presidency. This fascinating account not only delves into his upbringing but also explores the roots of his political prowess and how he became one of the most influential presidents in modern American history.

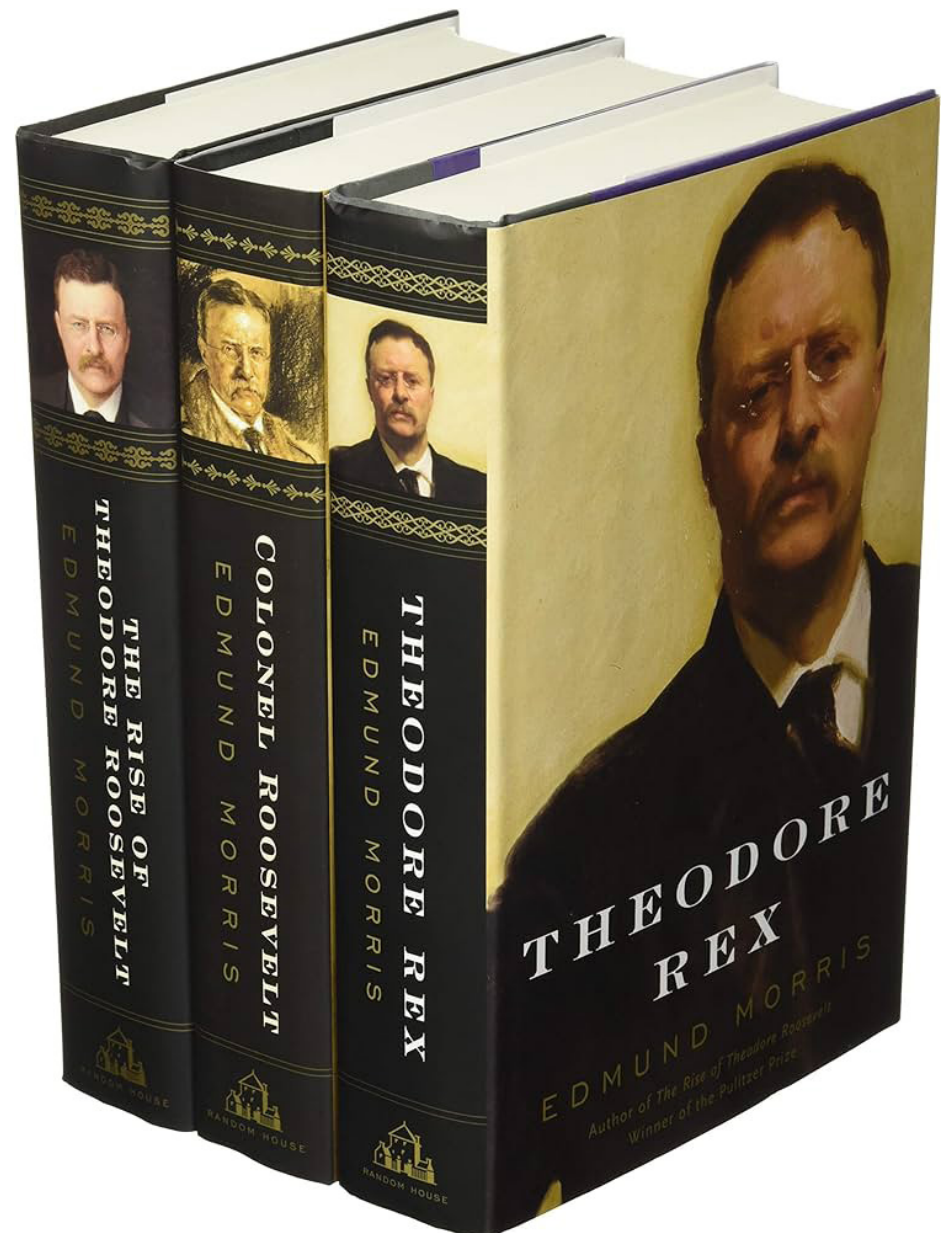

The story begins with the history of the Roosevelt family, tracing back to his parents' influence. It's here that we see the foundations of his character laid, shaped by the values and principles instilled in him by his family. A turbulent childhood marked by illness tested his resilience, and his passion for learning became evident despite these early health challenges.

One striking aspect of Theodore Roosevelt's life was his insatiable appetite for knowledge. Morris reveals that he likely devoured the equivalent of one book per day throughout his life. This voracious reading habit undoubtedly played a significant role in shaping his intellectual and political prowess.

The book takes us through his journey as a young politician, revealing the sense of public duty and stewardship that drove him. His early involvement in politics provided a glimpse of the extraordinary leader he would become. His stint as the Assistant Secretary of the Navy and his leadership in the Rough Riders during the Spanish-American War further showcased his unwavering dedication to serving his country.

Throughout the narrative, we gain insight into the world of influence as wielded by Roosevelt, particularly in contrast to leaders who sought personal power. His commitment to his nation's welfare was evident in his policies and actions, which often prioritized the common good over individual interests.

The book covers various aspects of his life, from his formative years, education, and hobbies to his travels in Europe and Africa. It delves into his experiences in the New York legislature, his exposure to frontier life, and his role as the civil service commissioner. His tenure as the New York police commissioner and Assistant Secretary of the Navy are also meticulously detailed.

Of course, one cannot discuss Theodore Roosevelt without mentioning his time with the Rough Riders and their victory in Cuba. His fearless leadership and commitment to justice left an indelible mark on his legacy.

The book also examines his term as governor of New York and his brief stint as vice-president. These experiences provided a crucial stepping stone to his eventual presidency. In conclusion, "The Rise of Theodore Roosevelt" is a captivating journey through the early life of one of America's greatest presidents. It offers a profound look into the influences, experiences, and events that shaped Roosevelt's character and prepared him to be an influential leader of his era. Theodore Roosevelt's dedication to public service, intellectual curiosity, and commitment to the common good continue to inspire leaders and citizens today.

This book is a must-read for anyone seeking to understand the foundations of leadership and the qualities that define a truly great president. Theodore Roosevelt's life story is a testament to the enduring impact one individual can have on a nation and the world.

The Science Behind Protecting Birds

A new DCNA project “Monitoring for Bird Biodiversity Conservation in the Dutch Caribbean” has officially been launched. Through combining enhanced training, field surveys and the use of a standardized monitoring program, local nature management organizations can now better contribute to monitoring and protecting land bird populations and its environments across the Dutch Caribbean.

Through this new project, the Dutch Caribbean Nature Alliance (DCNA) aims to equip the nature management organizations (parks)- Fundacion Parke Nacional Aruba (FPNA)), Stichting Nationale Parken Bonaire (STINAPA), Caribbean Research and Management of Biodiversity (CARMABI), Saba Conservation Foundation, St. Eustatius National Parks (STENAPA) and Nature Foundation St. Maarten- with the tools to actively monitor land bird populations and analyze the data. This project is more than mere data collection; it is a dynamic, science-driven initiative designed to facilitate comprehensive analysis and knowledge sharing, offering insights into the health of the local ecosystems. The project started this year and will run through the first quarter of 2028. The project is funded by the Ministry of Agriculture, Nature and Food Quality and DCNA’s activities are funded by the Dutch Postcode Lottery.

Ecological Health

Birds offer a unique lens through which the parks can assess the overall health of their ecosystems. In addition, birds play a crucial role in island ecosystems e.g., pollinating flowers, dispersing seeds, and emphasize how important protected areas are for certain restricted-range, vulnerable species. By tracking the relative abundance and species composition of birds across different environment types, there are a number of key insights to be gained on island, inter-island and regional levels.

One objective is to better understand the relative abundance of birds, both in general and for specific species. Through careful observation, this project will look to discern patterns and fluctuations over seasons and time. These fluctuations are not just indicators of avian life but windows into broader ecological dynamics.

In addition, this project will investigate the composition of bird species in various environments throughout the year. This will give the parks a better understanding of how local ecosystems evolve and adapt throughout the year.

The monitoring efforts will help to ensure that species

under threat are identified in time to influence their long-term survival. Also, changes- or the absence thereof- in bird population sizes may indicate environmental change or stability. In this way, monitoring bird population can tell us more about nature’s “health” in general. This helps parks to evaluate conservation success and adapt management actions if needed.

Methodology

In 2022, the DCNA has provided parks’ staff with the opportunity to attend the PROALAS bird monitoring workshop in the Dominican Republic, organized by BirdsCaribbean. Through DCNA’s Research and Monitoring Working Group, the parks chose to use the PROALAS protocol as a standardized landbird monitoring method. Thanks to this standardized protocol, data collected in this program will be comparable between Dutch Caribbean islands and with the rest of the Caribbean and South American region.

Bird surveys will be conducted twice a year, specifically in March/April (post rainy-season) and in October/November (pre-rainy-season) on all six Dutch Caribbean islands. These surveys will be executed by trained park rangers and other bird experts.

A Shared Commitment to Science

This project will also contribute to achieving the strategic goals regarding (land)birds and their habitats as a part of the Nature and Environment Policy Plan (NEPP) by the Ministries of Agriculture, Nature and Food Quality (LNV), and Infrastructure and Water Management (I&W). The project has been developed in consultation with Wageningen University & Research to make sure it can be used to the related “State of Nature of the Caribbean Netherlands Reporting”.

Furthermore, to promote transparency and foster collaboration, all collected data will be made accessible through the Dutch Caribbean Biodiversity Database (DCBD), Observation.org, and BirdsCaribbean. This commitment to data sharing transcends borders, ensuring that the science-driven conservation efforts benefit not only the Dutch Caribbean but also the global scientific community.

Italian Sculptor ‘Jago’ Breathes New Life into Classical Art

BEING hailed as the “new Michelangelo” is a compliment most artists could only dream of, yet for Italian sculptor “Jago,” it’s a mantle he carries with humility and artistic integrity.

At just 36 years old, Jago has made waves in the art world with his innovative take on classical-style sculptures, all while amassing a substantial following on social media, particularly Instagram. Last month, Naples witnessed the opening of the first museum dedicated to his work, attracting over 5,000 visitors in a single day.

However, Jago remains grounded, acknowledging the comparison to Michelangelo as a testament to his work’s uniqueness. In a recent interview, he expressed, “I believe that people making that comparison are doing so to explain the work ... I don’t think they intend to draw a real parallel. My only interest is to become the best version of myself, not the best version of someone else.”

Jago’s artistic journey has been nothing short of extraordinary. His talent was evident from an early age, earning him a place in the 54th edition of the Venice Biennale at just 24. It was there that he exhibited a marble bust of Pope Benedict XVI, which not only garnered attention but also earned him the prestigious Pontifical Medal. Notably, when Pope Benedict resigned in 2013, Jago transformed the sculpture, symbolically “stripping” the statue of its papal attire.

In a move that transcended earthly confines, Jago sent his work titled “First Baby” into space in 2019 as part of the European Space Agency’s

Beyond project.

Jago’s artistic process adheres to the traditional techniques employed by Italian Renaissance artists. He begins with a drawing, meticulously shaping it into a small clay model. This model then undergoes a transformation into a larger clay version, subsequently encased in plaster. The final step involves pouring liquid plaster to create the statue, and finally, a copy is made in marble.

Critics have commended Jago for his ability to capture profound human emotions while utilizing these traditional techniques to address contemporary issues. Maria Teresa Benedetti, a respected art critic, described Jago as “a world, an existence, a character” and noted his strong will to communicate through art.

One of Jago’s impactful works, “Look Down,” emerged in Naples, featuring a newborn baby with an iron chain as an

umbilical cord, serving as a poignant reminder of the vulnerability faced by many during the pandemic’s social and economic consequences.

Dividing his time between Naples and New York, Jago has continued to push artistic boundaries. His creation, “Veiled Son,” a depiction of a child shrouded under a veil, was inspired by Giuseppe Sammartino’s “Veiled Christ.” For Jago, the veil serves as a vital element in his artistic palette, allowing him to convey distinct narratives.

Despite the lofty comparison to Michelangelo, Jago remains grounded, emphasizing the importance of aspiring to greatness while being inspired by the masters of tradition. Just as Lionel Messi may have dreamed of emulating Maradona in his youth, every artist can use such examples as a launching point to find their unique path to greatness. In the end, it is this individuality that enriches the world of art and propels it into the future.

Challenges Persist in Addressing Bullying’s Impact on Children’s Mental Health

DESPITE ongoing efforts to combat bullying and its adverse effects on children’s mental well-being, this issue continues to plague schools and communities worldwide. The enduring nature of bullying can be attributed to a multitude of complex factors that require in-depth examination. Understanding these challenges is crucial to formulating more effective strategies to tackle this pressing problem.

Intrinsic Human Complexity: One key factor contributing to the persistence of bullying is the inherent complexity of human behavior. Bullying often serves as an outward expression of profound psychological and social issues within both the bully and the victim. Successfully addressing these deep-seated problems calls for sustained efforts and long-term solutions.

The Digital Age and Cyberbullying: The advent of the digital age has ushered in new dimensions of bullying, with the emergence of cyberbullying. Online platforms provide a cloak of anonymity for bullies, making it challenging for authorities to monitor and intervene effectively. This technological shift has made bullying even more widespread and elusive.

Underreporting of Incidents: A significant number of bullying cases go unreported due to the fear, shame, or sometimes the simple lack of awareness. Both children and adults must be educated on how to identify, report, and deal with bullying. Failing to report these incidents perpetuates the cycle.

Insufficient Involvement from Schools and Parents: Schools play a critical role in preventing bullying, yet not all educational institutions have established comprehensive anti-bullying policies and programs. Additionally, parental involvement is instrumental in addressing this issue. A lack of coordination between schools and parents can impede efforts to combat bullying effectively.

Inconsistent Consequences: The consequences for bullying can vary widely, and in some instances, they may not be stringent enough to deter potential bullies. A more uniform approach to disciplinary measures and a focus on restorative justice could prove to be a more effective deterrent.

Evolving Social Dynamics: Bullying often mirrors broader social dynamics, including prejudices, stereotypes, and cultural norms. Addressing these issues at the societal level is essential in effectively tackling bullying.

Mental Health Stigma: A lingering stigma surrounding mental health problems can deter children and their families from seeking help and support. It is crucial to create a safe and open environment where children feel comfortable discussing their experiences.

Proactive Prevention: Many anti-bullying efforts have historically concentrated on reacting to incidents rather than proactively preventing them. A stronger emphasis on prevention, through education and the promotion of empathy and inclusivity among children, is vital.

While bullying continues to be a concern, significant strides have been made in raising awareness about this issue. To reduce bullying and its detrimental impact on children’s mental health, it is imperative to foster a culture of empathy, inclusivity, and open communication. This necessitates a collaborative effort involving schools, parents, policymakers, and the community at large to create a supportive environment that actively discourages bullying and prioritizes the well-being of all children. Only through collective and multifaceted action can we hope to witness a substantial reduction in bullying and its harmful effects on children’s mental health.

The Power of Action-Oriented Affirmations

AFFIRMATIONS TO GET THINGS DONE

**Take
Action!**

IN a world filled with dreams and aspirations, it's no secret that setting goals and working towards personal growth is a common endeavor. While positive thinking and self-belief play pivotal roles in this journey, a lesser-known, yet immensely powerful tool, is action-oriented affirmations. These affirmations are the catalysts for turning your dreams into reality and challenges into stepping stones to success.

"I take consistent action towards my goals."

Affirmations like this one highlight the importance of consistency. Consistency is the key that unlocks the door to success. It's not about taking one giant leap; it's about the daily, intentional steps you take towards your goals. By telling yourself, "I take consistent action towards my goals," you're reinforcing the habit of progress, inching closer to your dreams one step at a time.

"I embrace challenges as opportunities for growth."

Challenges are an inevitable part of life. How you perceive and approach them can make all the difference. When you affirm that you embrace challenges as opportunities for growth, you're flipping the script on adversity. Rather than fearing challenges, you welcome them with open arms, knowing that each hurdle is a valuable chance to learn, evolve, and become better.

So, how can you make the most of these action-oriented affirmations?

Start your day with intention: Begin your mornings by repeating your chosen affirmations. This sets a positive tone for the day and keeps your goals at the forefront of your mind.

Visualization: As you affirm your intentions, take a moment to visualize yourself taking action towards your goals and overcoming challenges. This mental imagery can reinforce your commitment to action.

Create a plan: Affirmations are the first step, but they must be followed by concrete actions. Set clear, achievable goals and outline the steps you need to take to reach them.

Surround yourself with support: Share your affirmations and goals with a supportive community or accountability partner. They can help keep you on track and motivated.

Self-compassion: Understand that personal growth involves setbacks and challenges. Be kind to yourself and use affirmations as a source of motivation to get back on track when things don't go as planned.

Incorporating action-oriented affirmations into your daily routine can be a game-changer in your pursuit of personal growth and success. By consistently reinforcing your commitment to taking action and viewing challenges as opportunities, you'll find yourself on a path to achieve your dreams and become the best version of yourself. So, start affirming and start achieving. Your goals are within reach; all you have to do is take the first step.

Gossip, Chisme, Redo:

The Universal Pastime We Can't Resist (Even If We Pretend We Can)

I ❤️ CHISME

GOSSIP, the age-old art of sharing juicy tidbits about others, is like the guilty pleasure of social interactions. We all do it, whether we admit it or not, and it's time to uncover the psychology behind our insatiable urge to spill the tea. So, grab your imaginary tea cups, and let's dive into the fascinating world of gossip – because, let's face it, we can't resist it!

The Social Glue We Can't Say No To: Gossip is like the glue that keeps our social circles together. It's the chit-chat that makes us feel like we belong, whether we're dishing on the latest celebrity scandal or the neighborhood's biggest secrets.

Info Swap: The "Sneaky" Social Superpower: Humans are naturally curious creatures. Gossip is our socially acceptable way of digging for dirt. Want to know if your neighbor is up to something interesting? Gossip will spill the beans.

Gossipy Good Times: Let's be real; gossip can be wildly entertaining. It's like our own personal soap opera, complete with plot twists and dramatic revelations. Who needs Netflix when you have your neighbor's latest escapades?

Gossip as a Power Move: In some cases, gossip is the key to social influence. Sharing the latest scoop can give you an edge and a bit of "gossip clout" in your friend group.

Ego Boosting 101: For some, gossip is a self-esteem booster. By talking about the missteps of others, we can feel just a tad superior. After all, "At least I'm not that bad!"

Stress Buster Extraordinaire: Gossip can also be therapeutic. Got a terrible day at work? Spill the office drama over a cup of coffee, and voilà, instant stress relief!

Norm Police and Identity Guardians: Gossip helps keep society's norms in check. When we gossip about rule-breakers or those who venture off the beaten path, we're reinforcing what's "normal" and what isn't.

Gather 'Round the Gossip Water Cooler: Information is power, and gossip can be a way of gathering that power. Whether it's deciding who to trust in the office or finding out who's the coolest kid in school, gossip is our secret weapon for decision-making.

The Ultimate Page-Turner: Gossip is the human equivalent of a page-turner novel. We're drawn to it, captivated by the drama, and we just can't put it down.

Gossip: The Caveman Connection: On an evolutionary note, gossip might be hardwired into our DNA. It's how our ancestors figured out who they could trust in the tribe, who the real hunters were, and who was just faking it.

In the grand scheme of things, gossip is part of our social fabric. It can be harmless fun or a sneaky weapon of influence, but it's something we all do in one way or another.

So, the next time you catch yourself indulging in a bit of gossip, just remember, it's all part of our shared human experience. Let's sip on that truth for a while!
